The power of foresight

Understanding & Implementation of Risk-Based Thinking Concept (1 day)

The concept of risk has always been implicit in both Quality Management System ISO 9001 and Environmental Management System ISO 14001. However, with the revision of the standard, risk-based thinking concept was made more explicit, and it builds into the whole management system.

Objective:

- ⇒ To understand risk-based thinking, concepts and processes
- ⇒ To identify risks & opportunities based on organizational context
- ⇒ To learn risk assessment methodologies
- ⇒ To develop risk & opportunities management strategies (action plans) based on organization context
- ⇒ To monitor and evaluate the effectiveness of the action plans

Who should attend:

- General managers
- Operation managers
- Quality & EHS managers
- Implementers of ISO 9001 & ISO 14001
